

REMARKS

In the above referenced Office Action, the Examiner divided the claims into the following groups:

Group I, Claims 1-9 and 21-27 drawn to a system for handling aircraft control information;

Group II, Claims 10-12 drawn to a system for handling aircraft control information having a flight manager and a tracking device;

Group III, Claims 13-20, drawn to an aircraft;

Group IV, Claims 28-33, drawn to a configured computer-readable medium;

Group V, Claims 34-43, drawn to a method for handling aircraft control information;
and

Group VI, Claims 44-48, drawn to a method for handling aircraft control information corresponding to instructions for flying a plurality of flight segments.

In response, the applicants elect Group I without traverse. Non-elected claims 10-20 and 28-48 have been cancelled without prejudice to pursuing these claims in a continuation, divisional, continuation-in-part or other application.

Upon allowance of generic claims, applicants request consideration of claims to additional species which are written in dependent form or which otherwise include all the limitations of the allowed generic claims.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 50-0665, under Order No. 030048140US from which the undersigned is authorized to draw.

Dated: March 23, 2007

Respectfully submitted,

By 
John M. Wechkin
